Projects:

1. TITLE: Web Based SQL Work Bench.

Duration: July 25th, 2010 - November 25th, 2010.

The Database interface (web based) tool is designed and developed to test the database Connectivity features of JDBC drivers and their supported databases. The tool provides in depth control of the API sequence of the driver. Developers can switch from one database to another database. They can access queries without entering them using user interface developed using java. The tool provides an abstract format and interface to submit an SQL statement and view the results.

Awards / Achievements / Extra Curricular activities:

- 1.) Participated in workshop on "Virtualization in Cloud Computing" offered by Technophilia Systems Pvt. Ltd. and my performance was adjudged "Excellent".
